

Ways to Celebrate

Hispanic Heritage Month

1

Read books featuring Hispanic and Latino authors. From picture to poetry, fiction and non-fiction books, celebrate the contributions of Hispanic and Latino authors.

2

Savor the flavors of Hispanic culture. Host a lunch featuring traditional dishes such as flan, pupusas, enchiladas, arroz con pollo, empanadas and paletas.

3

Ask your Hispanic and Latino leaders to discuss their career journeys, achievements, heritages, cultures and identities.

4

Find inspiration through the virtual tour with Google Arts and Culture: Latino Cultures in the US. Learn more at <https://artsandculture.google.com/project/us-latinocultures>

5

Build a special playlist to send to the team. Make the playlist collaborative and ask team members to suggest their favorite songs by Latinx artists.

6

Spanish is the primary language spoken throughout the Hispanic world. Taking language lessons can strengthen communication skills and pay homage to the richness of the Spanish language.
